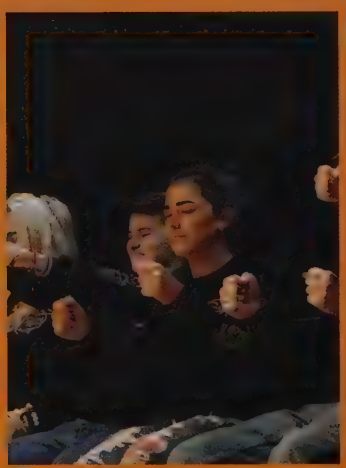
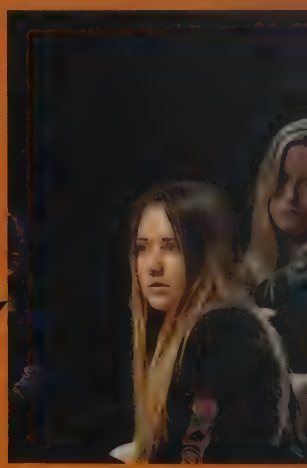
Oktoberfest

"When everyone asked how I felt during it I told people I knew what was going on but I was so relaxed inside that I just didn't care about what I was doing or who was infront of me"
- Olivia Slayton

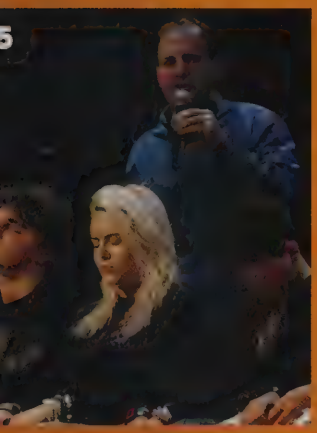


"I was skeptical about it and don't think it would work, so I had to try it. It was such a cool experiance, it was like no one was there. I was consicous and knew what I was doing, but I could not control it at all. I highly recommend if you ever have the chance to try it"
- Jessica Paul



October 2018

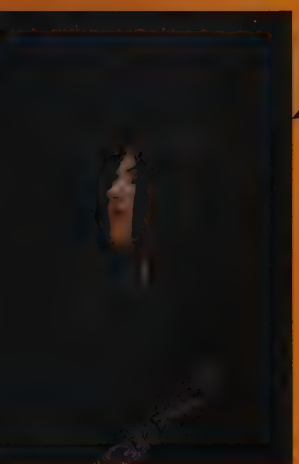
Hypnotizim and Field Fun



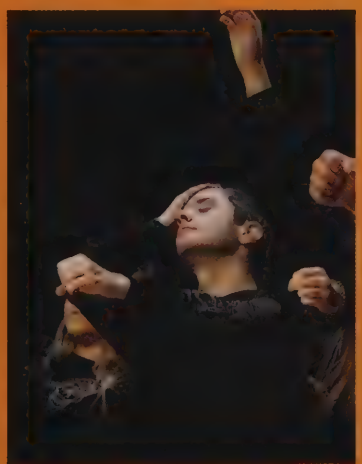
1."It was weird and it felt like going in and out of a daydream. The part where he told us we were watching movies was the best because I could legitimately see the movie Grown Ups in front of me at one point"
- Emma Meschino
2. "The hypnotist was definitely my favorite part. I've always believed in hypnotism and have wanted to do it for awhile. Overall it was so cool and awesome" - Sean Spiegel
3. Its kind of like meditation in a way because you get into this zone where you don't focus on anything else but yourself and your own thoughts. - Sienna Giannelli
4."It honestly fet like I was just really relaxed and whatever he said to do I just felt like doing it I did it without questioning it - Avery Daly

5."I remember everything he said but I don't remember how I reacted to it, which scares me because I'm embarrasing when I'm NOT hypnotized" - Allie Mason

6."it wasn't an out of body experience but more like a heavy state of relaxation and I felt like I had no care in the world. I wasn't afraid to embarrass myself and I was super open to suggestion it was so fun and I would highly suggest doing it."
- Meghan Redington
7."It was so weird, it was like they were totally different people. And they had themselves completely convinced that they were the character they were told to be"
- Korena Yetman
8. "It felt like a dream sequence like I remember things, but it felt as if I was asleep and they were all just a big dream"
- Miles LeGrow



"It felt like I was inside my mind with no one else except the hypnotists voice and me. The people in the audience seemed to disapear. I felt no anxiety or stress and all of the muscles in body felt like jelly. It was like I was dreaming and I had no cerncious awareness of what was goingion until he snapped his fingers and jolted us all awake"
-Chloe Ciliuma



"It felt weird... it felt like I was aware but also asleep. When I was told to do something without thinking I just did it so definitely not being in control of myself was cool"
- Connor Smith

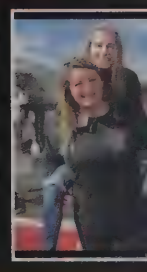
Oktoberfest Fun

" There is magic in the night when pumpkins glow by the moonlight"



You are only ever in High School once, then its off into the world and for some of us thats across the country, but its nice to see us all together making memories that will last a life time.

Besties are Never Forgotten

I have learned that friendship isn't about who you've known the longest, it's about who came and never left your side. Yolanda Hadid

Life is a song - sing it. Life is a game - play it. Life is a challenge - meet it. Life is a dream - realize it. Life is a sacrifice - offer it. Life is love - enjoy it

Spooky Spotings

Someone once said that duck duck goose is just a childr game but boy were the wrong, we brought it back in style!

Thank you Mrs.Shaver for being our cookie queen! Those didn't last very long.

And here we have boys in their natural habitat preparing for their test of domiance a good old fashion backyard football game.

College, Career, & Technical Education

The Technical Education Program at both Plymouth South and Plymouth North High Schools represents the best that education has to offer. The program at Plymouth North & South consists of 17 high-quality programs that are blended into the comprehensive academic environment.

The program is designed to provide students with the highest quality of hands-on instruction available. Students gain knowledge and skills in a wide range of college, career and technical education areas. Opportunities within the program include internships, cooperative education assignments, job placement, licensure in selected programs, and admission to both two and four-year colleges.

Our Technical Education graduates are attending some of the top colleges, universities and technical institutes in the country. In addition, many go on to high paying apprenticeships or have a head start on their military training. There are no limitations on how far our College, Career & Technical Education students can go! You can have the best of both educational worlds here in Plymouth.

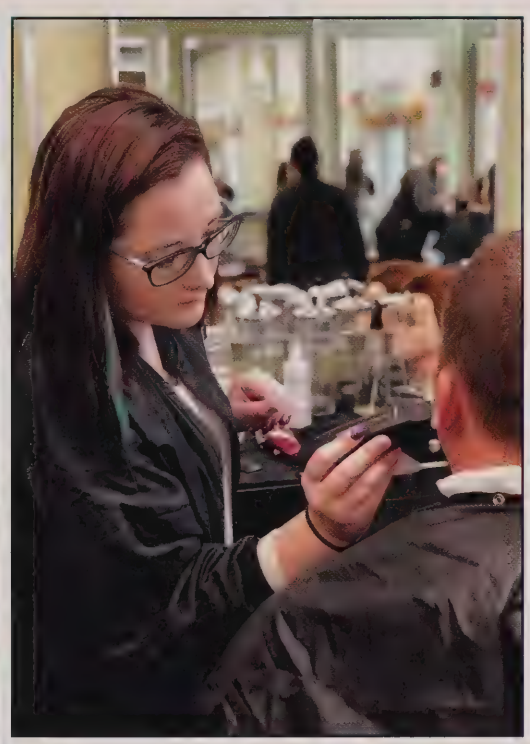
NO SHAVE NOVEMBER



In 2018 PSHS brought No Shave November back after several years of clean shaving. Fourteen total teachers participated, each donating $20. Prior to the pep rally, each teacher visited the cosmetology department and had students shave and shape beards however the students wanted. The day of the pep rally students had an opportunity to vote for the best beard and the winning teacher, Mr. Leal, was then given the $280 to donate to his charity of choice - the Plymouth Coalition for the Homeless.
